Neo Design

Just when you thought retro-futuristic designs had gone the way of Atari, *Space Invader* lands to save the day. This bulbous ceramic lamp can be set down on tripod supports or suspended from the ceiling. The exterior glaze comes in six matte colors, the contrasting glossy interior in the same number. 49-2302-690-982; neo-studios.de. **circle 428** ➔
