BONSAI METAL gold, design by Rodrigo Vairinhos

Flowers are an important element on day by day life. Making part of our routine, flowers set the mood and transmit emotions.

Flowers should be then the one and only eye-catching in any circumstances.

This way, the designer showing his deep respect and passion for nature, thought that an important attention should be given to the choice of the vase.

BONSAI METAL platinum, design by Rodrigo Vairinhos

The vase Bonsai is the result of a reinvented concept, inspired on the original millenarian horticultural bonsai philosophy where the vase was considered the “frame”, and it shouldn't be putted upon the “masterpiece” that is the flower.

This solitaire vase of sharpen appearance seeks a high aesthetic perfection that reminds the traditional bonsai vase itself.
